To whom it maybe Concern:

I write this letter of recommendation with deep regard and respect for City Manager Jones. He is a great leader, mentor and man of integrity.

I have known Mr. Jones for 3 yrs. while he served as my boss as City Manager. During that time he collaborated with me and former Chief Frankland to transform our Police Department into a 21st Century Department that's endeared within our community.

During the time of transformation of the department, City Manager Jones gave protection to our department when we needed protection. Yet he mentored and challenged us to be great as we rebuilt a positive culture within our department and community. At times City Manager Jones took flak for our department. But he always did so with humbleness, grace and diplomacy.

Finally, the department is truly grateful for Mr. Jones's service as City Manager and he has made a lasting positive impact on our community.

Therefore, it is with great reverence and respect for Mr. Jones. That I enthusiastically, submit this letter of recommendation on behalf of Mr. Odis Jones.

Please feel free to contact me with any questions.

Sincerely,

  
Paul Hall  
Chief of Police
